Property Development

Plenty of prime land is still available in 3 local municipalities for commercial and residential property development. For the past few years, the property market has grown tremendously in the region.

Bloemfontein in Mangaung Local Municipality and Ladybrand Mantsopa Local Municipality are currently the hot spots for commercial, industrial, residential and leisure property development. To put the development in more coordinated approach local municipality has investment promotion units to assist potential investors. Major investment projects areas include the Urban Development Zone and the N8 Corridor development.
